

## Delivery and Service Areas

### Our Mission...

We treat and serve all of our customers on a "one on one" basis. Our goal is to provide reliable service to build a long term partnership with our customers based on trust, safety, integrity, and respect.

### We're Dependable...

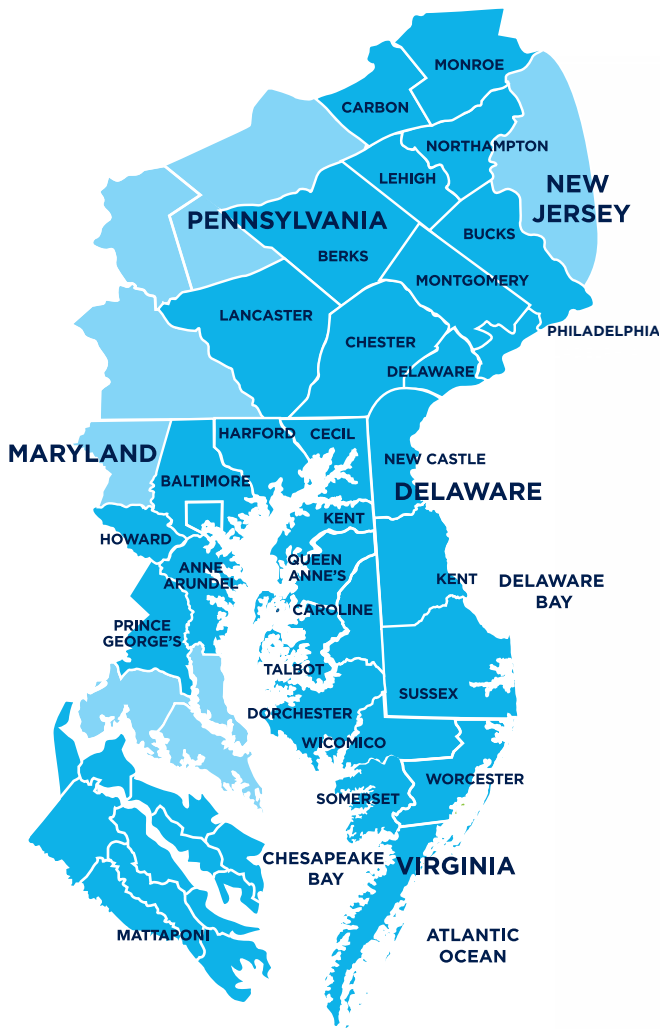

...with over **3 million gallons of propane storage**, Sharp is ready when you need us most. Plus, a significant portion of our large propane supply is from Marcellus Shale, located in PA. We are a large company in the Mid-Atlantic Region but have the personal touch of a small company.

### We're Convenient...

...with **11 locations in the Mid-Atlantic Region**, we are local and available when you need us.

# Sharp Energy's Smart Club Offers Protection From Inflated Winter Fuel Rates...

## Choose the Smart Club for **THE LOWEST RESIDENTIAL PRICE**

Has your propane usage been too low to take full advantage of Sharp Energy's ProCAP Price Protection Plan? There is a program that allows you to cut your propane costs. Designed specifically for customers who heat their houses with a fuel other than propane, your Smart Club membership ensures that you'll pay Sharp's lowest residential price for all of your propane needs for the whole year.

### How It Works

For an annual fee (based on the size and number of propane tanks you have), you'll pay Sharp's lowest residential price for each gallon of propane you buy. This is Sharp Energy's best pricing for new customers.

The Sharp Energy Smart Club helps to protect you when the weather is cold and the prices are high. To find out what your discount may be, call your local office today!

## Smart Club at a Glance:
