SHARP ENERGY'S SMART CLUB OFFERS PROTECTION From Inflated Winter Fuel Rates...

CHOOSE THE SMART CLUB FOR THE LOWEST RESIDENTIAL PRICE

Has your propane usage been too low to take full advantage of Sharp Energy's ProCAP Price Protection Plan? There is a program that allows you to cut your propane costs. Designed specifically for customers who heat their houses with a fuel other than propane, your Smart Club membership ensures that you'll pay Sharp's lowest residential price for all of your propane needs for the whole year.

HOW IT WORKS

For an annual fee (based on the size and number of propane tanks you have), you'll pay Sharp's lowest residential price for each gallon of propane you buy. This is Sharp Energy's best pricing for new customers.

The Sharp Energy Smart Club helps to protect you when the weather is cold and the prices are high. To find out what your discount may be, call your local office today!
